

S.O.S.

Join the Rocket Rules *Sense of Safety* CHALLENGE 2019

WHAT IS IT?

In support of the University of Southern California's Safe Communities Institute and America's Safe Schools Week, the goal of the S.O.S. Challenge is to teach awareness skills that build knowledge and safe practices to better prepare children for dangerous situations in school, at home or in public settings. The objective of these activities is to provide children with a *Sense of Safety* by using their SENSES (eyes, ears, nose, and 6th sense) anywhere, any time.

For students grades K-3rd

- All materials are vetted by law enforcement, Homeland Security experts and child education specialists
- Includes animated videos and downloadable standards-based activities
- Compliments school safety plans and aligned with National Health and Academic Education Standards
