

Rocket Mask Instructions

- 1. Copy ears pages front-to-back**
- 2. Copy mask pages front-to-back**
- 3. Distribute to students and let them color, then cut**
- 4. While students are coloring, cut construction paper for bands for the mask approximately 2" thick by 1.5 feet long (staple if needed)**
- 5. Show students how to fold Rocket's ears (along the line, so that spots are showing) and glue them on where it says **GLUE** on the back of mask.**
- 6. Make a band for each student's' head with construction paper strips that you made. Staple the band at the appropriate size.**
- 7. Staple the top of each mask to each child's band so that they can see through the eye holes.**
