STEPHEN DAVID SIMON  
EXECUTIVE DIRECTOR

August 21, 2018

Dear Bunni,

I write on behalf of the City of Los Angeles, Department on Disability in support of The Hero in You Foundation. Our Department strongly supports the mission of educating all youth of all abilities to be prepared in case of an emergency. The Department on Disability is always seeking and promoting programs that our constituents can benefit from to be resilient. The Rocket Rules S.A.F.E.T.Y Program exemplifies that no matter the age, we can all prepare for and respond during an emergency.

The Department on Disability would like to start a partnership with The Hero in You Foundation. The Department has not used the Rocket Rules publications in the past, but would like to make these publications part of our outreach material. As head of the Department on Disability, Emergency Preparedness Program I believe that the Rocket Rules coloring books would be an asset to our current outreach material and would target our younger constituents for the 2018-2019 fiscal year.

Emergency preparedness is vital for all and the Department is continuously working to share available resources to our constituents that can serve as a guide to be more resilient. The Department on Disability looks forward to working with The Hero in You Foundation educating and informing our constituents on how to prepare for an emergency before the next disaster.

Please call me or email me should you have any questions. On behalf of the Department on Disability, we look forward to making Rocket Rules part of our community outreach efforts.

Sincerely,

Deisy Gonzalez

Emergency Preparedness Project Coordinator
