

STAY WITH YOUR BUDDY

Always have a buddy and be a buddy!

Rocket and his Buddy

☆ Draw a picture of you and your buddy! ☆

PARENT GUIDE - Activity 1

STAY WITH A BUDDY and BE ABLE TO DESCRIBE YOUR BUDDY -- using your Eyes and Mouth

Discuss with your children the following:

- It's important to have a buddy.
- A buddy is someone in your class, like a friend. Together you WATCH OUT for each other as you walk to and from school, on the playground, or in the community.
- You should also know what your buddy looks like in case you get separated.

Questions to ask your children:

- Why is it important to always have a buddy? (watch out for each other)
- Who are some of your buddies?
- Can you describe them? What color hair, eyes, clothing? How tall? How old are they?
- What senses did you use to describe your buddy? (sight=eyes; taste/mouth to talk).
