

- A. Naughty?
- B. Nice?
- C. Barely Trying?

Congratulations

Bunni!

YOU MADE THE NICE LIST!

Rocket in the Community

Rocket visited hundreds of children at sites throughout Los Angeles in December.

Rocket along with LAPD brought smiles, messages of safety, and surprises.

LAPD Divisions included:
Harbor, Hollenbeck, Northeast, Rampart.

Thank you to Deputy Chief Al Labrada for our partnership!

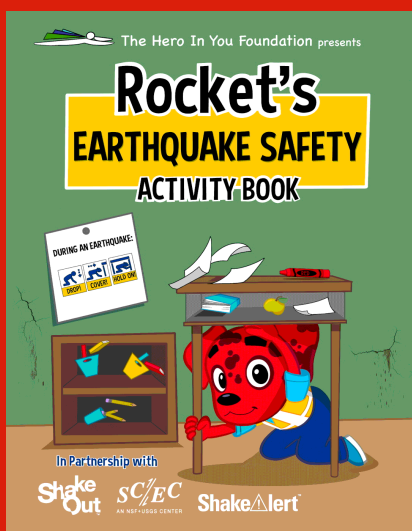

Stay Safe With Rocket this Holiday Season!

Here are a few safety tips to remember:

- **Inspect electrical decorations for damage before use.** Do not overload electrical outlets. Overloaded electrical outlets and faulty wires are a common

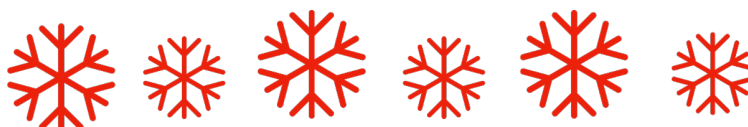

cause of holiday fires.

- Never connect more than three strands of incandescent lights. More than three strands may blow a fuse or cause a fire.
- Keep trees fresh by watering them daily. Dry trees are a severe fire hazard.
- Use care with candles. Candles start almost half of home decoration fires.
- Turn off and unplug all decorations and blow out all candles when going to sleep or leaving the house.

Special Earthquake Research Study with Rocket

Rocket's Earthquake Safety Activity Book is being used by Researcher Skyler Gin (University of Oregon) and the USGS ShakeAlert Project in an educational study at the Eugene Science Center in Oregon.

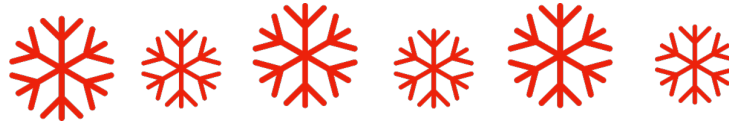

Rocket and School Resource Officers present **Sense of Safety & Beyond! Program** in more than 38 states!

"The response from the kids is fantastic. I combine two of the sessions for some of the classes because they are similar and fit well together (for example, Find Safe Places and People, and Keeping you Safe). I have found that many of the kids want to talk. They love it, and they are always asking when I am coming to their class."

**Sgt. Tyler Stream, SRO
Niobrara County School District, Wyoming**
