

# MAKE IT A SAFE HALLOWEEN FOR YOUR STUDENTS!

Thousands of children in communities across the U.S. will be out on Halloween. The National Highway Traffic Safety study revealed that on Halloween there is a 43% higher risk of pedestrian fatality. Evening conditions, dark costumes, unwrapped candy, increase everyone's concerns.  
Let's keep kids safe!

Rocket presents a great safety video which covers many Halloween safety subjects, including:  
Watch for cars when crossing the street,  
Use a flashlight,  
Careful walking by driveways as cars are backing out  
Walk with your parent, guardian, buddy

Plus, show parents all the candy to make certain it is safe. As adults we know that certain pills and drugs can look like colorful candy.

Let's all be Safe on Halloween and Every Day!
