STUDENT REVIEW QUESTIONS

CYBERSECURITY

Ask students these questions following your presentation.

1. If someone you don't know is chatting with you online and asking for personal information like pictures or your address, what should you do?

2. If you want to visit a website, or download a new game, what should you do?

3. If someone you don't know online wants you to keep a secret, what should you do?

4. What are nice things you can say online to show that you are a good digital citizen?

5. What does "LOCK and BLOCK" mean to you and when should you use it?

6. Why shouldn't you share personal information with people online that you don't know?

7. What does CYBERSECURITY mean? How does it help you?

8. What are examples of personal information?
