STUDENT REVIEW QUESTIONS

CYBERSECURITY

Ask students these questions following your presentation.

1. What is personal information?

2. If someone you don't know asks for your personal information online, what should you do?

3. If you want to visit a website, or download a game, who should you ask for permission?

4. What are nice things you can say online to a friend?

5. If someone you don't know is chatting with you online, what is the safe thing to do? And who should you tell?

6. Can you name all the devices you use? How do you stay safe with them?
