

ROCKET RULES OFFERS 2-PART DRUG SAFETY PROGRAM FOR ELEMENTARY SCHOOLS, GRADES 3-5

BE SMART BE STRONG BE DRUG SAFE with Rocket **Help Students Understand Health Risks of Drugs** **and their Consequences --- Encouraging Healthy Choices**

Background:

Communities across the country are facing serious challenges from the opioid crisis, with fentanyl a leading cause of overdose deaths. Because fentanyl is often mixed into other drugs, people may unknowingly take extremely dangerous substances. Even when students have not used drugs themselves, many have been affected through family or community experiences.

Early Prevention:

Teaching children early about drug dangers, peer pressure, and healthy coping skills helps them make safer decisions. Research shows prevention programs introduced in elementary school can significantly reduce later substance misuse. Students often share what they learn with family and friends, helping spread awareness throughout the community. Rocket's program is a great introduction to Drug Safety using age appropriate language and a calm tone!

BE SMART BE STRONG BE DRUG SAFE with ROCKET!

ROCKET RULES SAFETY PROGRAMS ARE USED BY SCHOOL DISTRICTS ACROSS THE U.S. INCLUDING CLARK COUNTY, NEVADA
and LOS ANGELES UNIFIED SCHOOL DISTRICT

The Hero In You Foundation's Mission

is to empower, educate, and inspire children and families with the tools they need to make better decisions in emergencies or dangerous situations to prevent injuries. Rocket Rules Safety Programs build essential, foundational socio-emotional, health, and safety skills sets for children to keep them safe and calm at

home, at school and in the community. Rocket's Emergency Preparedness programs include: Wildfires, Fires, Floods, Earthquakes, Tornadoes and Hurricanes.

**Rocket looks forward to working with you
keeping your students safe to and from school,
at home, and in the community!**
